Indo além

Dia 4

Agenda

Agenda

- Criando um Blog
- Associações com Active Record
- Usando Rake tasks
- Conhecendo alguns helpers
- Conhecendo algumas gems

Criando um Blog

Tabela

Article

id: integer (PK) title:string

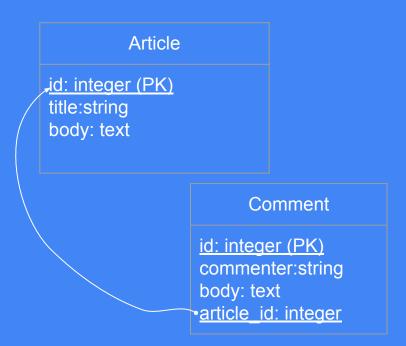

body: text

Criando um Blog

Iniciando a aplicação

rails new blog rails g scaffold Article title:string body:text rails db:create db:migrate

Associação

Criando um Blog

Criando o model Comment

rails g model Comment commenter:string body:text article_id:integer OU

rails g model Comment commenter:string body:text article:references

rails db:migrate
